

The automated disconnection of Cernavoda NPP Unit 1 from SEN

Bucharest

23 July 2018

Press release

S.N. Nuclearelectrica SA (“SNN”) announces that today, during the afternoon, at 16:38 hours, Cernavoda NPP Unit 1 automatically disconnected from the National Power Grid (“SEN”) following a false signal which triggered one of the turbine systems (bearing), on the classical part of the power plant.

Currently, the exact cause which lead to the automatic reactor trip is being analysed, and subsequently, the remediation and reconnection of Unit 1 to SEN procedures will be initiated.

These activities have no adverse impact on the personnel, the population and the environment.
