Important event to report: Importance of using the option of voting by Correspondence Ballots within the General Meeting of Shareholders in the context of the spread of coronavirus infection

In the context of the community spread of coronavirus and the preventive measures ordered by the Romanian Government during the state of alert, in order to protect its shareholders, SN Nuclearelectrica SA ("SNN") reiterates the importance of using with priority the exercise of the voting right by correspondence ballot for the General Meetings of Shareholders, as a protection measure for its shareholders, for the GMS convened for 05.04.2021/06.04.2021.

All the information and materials related to the General Meeting of Shareholders dated 05.04.2021 are public and may be accessed on the website of SNN, www.nuclearelectrica.ro, under the section Investor Relations/Information for Shareholders/GMS Info/GMS 05.04.2021. These include the convening notice, including voting methods and related materials.

In compliance with the provisions of HG no. 293/2021 regarding the extension of the state of alert in Romania starting with March 14th 2021 and the applicable measures for the prevention and control of the COVID-19 pandemic effects, SNN shall implement all the protection measures at the venue of the General Meeting of Shareholders, but it recommends the use of the voting by correspondence ballots method, in order to protect your health and that of SNN staff.

We explicitly inform you that participation in public events/meetings held in closed spaces, under the conditions currently imposed by the authorities, exposes the participants to a possible contamination with the coronavirus SAR-CoV-2, and SNN cannot be held liable for such a risk.

In order to facilitate access, we hereby resume the method for voting by correspondence and the related terms:
