Financial Supervisory Authority**

Important event to be reported: Cernavoda NPP Unit 1 power reduction

SN Nuclearelectrica SA informs its shareholders and investors about the reduction of the power of Cernavoda NPP Unit 1 by 10% on the night of August 23, 2022 and during the morning of August, 24, 2022.

The power reduction of Cernavoda NPP Unit 1 is necessary to carry out works to adapt the functioning parameters of the turbine condenser (classical part of the power plant) due to accumulation of impurities in the water (algae, mud). In parallel with the previously mentioned works, the power of Unit 1 can be further reduced up to 25%.

Cernavoda NPP Unit 1 will return to nominal power after the works to adapt the parameters and remove the accumulated impurities are completed.

The power reduction and works are carried out in accordance with the specific procedures of Cernavoda NPP and have no impact on personnel, nuclear safety, environment and population.

**Cosmin Ghita
