

LIST  
item "FACILITIES" for year 2024

thousand lei

| Item no. | Nomination of purchases of goods and other investment expenditure   | M.U. | Facilities 2024 |                | 2024 Facilities Amendment Proposal |                |
|----------|---|------|-----------------|----------------|------------------------------------|----------------|
|          |   |      | Quantity        | Amount         | Quantity                           | Amount         |
| 0        | 1   | 2    | 3               | 4              | 5                                  | 6              |
|          | <b>Cernavoda NPP Branch</b>   |      |                 | <b>103,443</b> |                                    | <b>116,163</b> |
| 1        | Supply of Heavy Water to replenish the 2024 stock   | kg   | 8,100           | 24,300         | 8,100                              | 24,300         |
| 2        | Capital repair for NMV 2000RA pumps   | pcs. | 1               | 1,800          | 2                                  | 1,800          |
| 3        | Capital repair for NMV 1000RA pumps   | pcs. | 1               | 1,500          | 1                                  | 1,500          |
| 4        | Capital repair for F24NDS pumps   | pcs. | 3               | 1,200          | 3                                  | 1,147          |
| 5        | MIB VN3 F1900 (BSI 71310) engine repair services  | pcs. | 2               | 560            | 2                                  | 512            |
| 6        | Repairs services for MIB N3 1000L 150-8 (BSI 71340) engines   | pcs. | 2               | 520            | 2                                  | 520            |
| 7        | Replacement of the defect air conditioning installations  | set  | 1               | 600            | 1                                  | 600            |
| 8        | Spare parts reclassified d as plant, property and equipment   | set  | 1               | 24,561         | 1                                  | 34,600         |
| 9        | Advance for spare parts reclassified as plant, property and equipment   |      |                 |                |                                    | 0              |
| 10       | Reversal of advance for spare parts reclassified as plant, property and equipment   |      |                 |                |                                    | (1,326)        |
| 11       | Measuring and control devices   | pcs. | 1               | 49             | 1                                  | 49             |
| 12       | Ultrasonic cleaners   | pcs. | 3               | 34             | 3                                  | 24             |
| 13       | Printing equipment  | pcs. | 1               | 1,131          | 1                                  | 1,131          |
| 14       | Infrared thermal imaging camera of the thermographic inspection center  | pcs. | 3               | 227            | 0                                  | 0              |
| 15       | MOLEX crimping tool   | pcs. | 1               | 5              | 1                                  | 5              |
| 16       | Semiautomatic devices for large-diameter pipe cutting and bevelling   | pcs. | 2               | 329            | 2                                  | 329            |
| 17       | Measuring and control equipment for the Automation Workshop   | pcs. | 7               | 125            | 7                                  | 125            |
| 18       | Circular dead-eyes  | set  | 1               | 40             | 1                                  | 40             |
| 19       | Portable recorder with universal input, min. 16 channels  | pcs. | 4               | 525            | 4                                  | 525            |
| 20       | Lifting gear  | pcs. | 5               | 65             | 5                                  | 65             |
| 21       | Sliding transport rollers for transport of heavy equipment  | set  | 2               | 100            | 2                                  | 100            |
| 22       | Tools and equipment for the electronics lab - 4-channel source  | pcs. | 1               | 14             | 1                                  | 14             |
| 23       | Complete heat treatment kit   | pcs. | 1               | 105            | 1                                  | 170            |
| 24       | SSG staff tool kit  | pcs. | 4               | 29             | 6                                  | 35             |
| 25       | Electrician tool kit  | pcs. | 2               | 10             | 2                                  | 10             |
| 26       | Welders   | pcs. | 2               | 10             | 2                                  | 10             |
| 27       | Locksmith tool kit  | pcs. | 1               | 15             | 1                                  | 15             |
| 28       | <b>Spare parts for maintenance</b>  |      |                 |                |                                    |                |
| 29       | Air-seal ring assembly, ICSITEE drawing b4v-6-3001-80, GE drawing 148d3335g0009   | pcs. | 1               | 80             | 1                                  | 80             |
| 30       | Air-seal ring assembly, ICSITEE drawing b4w-6-3001-95, GE drawing 148d3335g0013   | pcs. | 1               | 91             | 1                                  | 91             |
| 31       | H2 air-seal ring assembly, ICSITEE drawing b4v-6-3001-83, GE drawing 148d3335g0010  | pcs. | 1               | 83             | 1                                  | 83             |
| 32       | H2 air-seal ring assembly, ICSITEE drawing b4w-6-3001-97, GE drawing 148d3335g0014  | pcs. | 1               | 83             | 1                                  | 83             |
| 33       | 425-1607 3-way servo-valve, p/n 78137, with 2 coils, ABEX, GE drawing 244a5075p0001   | pcs. | 3               | 264            | 3                                  | 264            |
| 34       | Differential pressure control valve, Fisher 1-1/2 edr-647 model, range 3-12 psi, size 30, general electric p/n 207b4731p0001, acc. to GE manual gey-5612                | pcs. | 1               | 152            | 1                                  | 152            |
| 35       | p2/31,35 bushing, new GE drawing 222a2928p0002, old GE drawing 222a2928p0102, ICPET drawing m49-5-3000-43, item 37 drawing m01-5-0000-24                                | pcs. | 2               | 103            | 2                                  | 103            |
| 36       | p2/32 guiderail, old GE drawing 155b1359p0002, new GE drawing 155b1359p0102, drawing Icpet m01-5-3000-64  | pcs. | 2               | 244            | 2                                  | 244            |
| 37       | Rod, GE drawing 213b7537p0001, ICPET drawing m01-5-3000-61, item 11 of the drawing for the m01-5-0000-24 set  | pcs. | 2               | 408            | 2                                  | 408            |
| 38       | Valve cover, GE drawing 141c9969p0001, ICPET drawing m01-5-2000-23, item 13 of the drawing for the m01-5-0000-24 set (ICPET), 922e961 (GE), 82-41190-9019-1-dd-0        | pcs. | 2               | 269            | 2                                  | 269            |
| 39       | 24" valve, GE drawing 133d4642p0001, ICPET drawing in .dwg format m10-5-3000-80, for quick-close valve assembly GE drawing 841e217 item 16/82-41190-9013-1-dd-0 item 9  | pcs. | 3               | 1,300          | 3                                  | 1,300          |
| 40       | Valve rod, GE drawing 213b7549p0001, ICSITEE drawing m10-5-3000-83, item 23 of the GE drawing 841e217, item 15 of the ICSITEE drawing m10-5-0000-22, General Electrical | pcs. | 3               | 390            | 3                                  | 390            |
| 41       | Cross-head, GE drawing 0994d738p0002, ICPET drawing mp3-5-1000-58   | pcs. | 1               | 475            | 1                                  | 475            |
| 42       | Cross-head guiderail, GE drawing 302a7238p0001, ICPET drawing mp3-5-3004-77   | pcs. | 1               | 109            | 1                                  | 109            |
| 43       | Acquisition of 2 calibration digital thermometers for metrology activities (CR#40813)   | pcs. | 2               | 30             | 2                                  | 30             |
| 44       | Acquisition of a measuring transducer for the metrology of mechanical parameters (CR#40710)   | pcs. | 1               | 8              | 1                                  | 8              |
| 45       | Equipment for remote visual inspection  | pcs. | 2               | 13             | 2                                  | 13             |
