Important event to report: Resynchronization of Cernavoda NPP Unit 1 to NES after completion of the planned outage program

SN Nuclearelectrica SA announces that the works related to the planned planned outage of Cernavoda NPP Unit 1 have been completed and the synchronization to the National Energy System was achieved in the afternoon of 29 June 2024.

Unit 1 entered the planned outage program on May 19, 2024, in order to carry out planned maintenance works, performed every two years for each unit.

During the planned outage, activities from the following programs were performed:

- Preventive Maintenance Program;
- Corrective Maintenance Program;
- Inspection program;
- Mandatory testing program during planned outages;
- Project Change Implementation Program.

The works were executed in safe conditions for the plant personnel, the public and the environment, according to the approved procedures used at CNE Cernavodă.
