**Important event to be reported: The desynchronization of Cernavoda Nuclear Power Plant Unit 2 from the National Power Grid**

Societatea Nationala Nuclearelectrica S.A. (“SNN”) informs its shareholders and investors that on December 23<sup>rd</sup>, 2014, Cernavoda nuclear power plant’s Unit 2 will be shutdown in a controlled manner in order to repair a defect on an impulse line related to a measurement instrument situated in the reactor building.

The unit’s systems operate in compliance with the project, without affecting the nuclear safety of the reactor, the operational staff, the population and the environment.

The restart and reconnection of the Unit to the National Power Grid will take place after the remediation of the defect and the verification tests performed in compliance with the procedures of the power plant.

SNN will inform the shareholders and investors regarding this aspect.
