Important event to be reported:

The reconnection of Cernavoda NPP Unit 1 to SEN

S.N. Nuclearelectrica SA (“SNN”) announces that Cernavoda NPP Unit 1 was reconnected to the National Power Grid during the night of 24 July 2018.

Unit 1 automatically disconnected from SEN in the afternoon of 23 July 2018, 16:28 hours, following a false signal which triggered one of the turbine systems (bearing), on the classical part of the power plant.

Following the analysis, Cernavoda NPP specialists established that the false signal was caused by a weakened connection on the surveillance segment.

The repair works had no adverse impact on the personnel, the population and the environment.
