Ref: Important event to be reported: Unit 2 of Cernavoda NPP will enter the planned outage program

Societatea Nationala Nuclearelectrica S.A. („SNN”) informs its shareholders and investors that starting May 3, 2019, Unit 2 of Cernavoda NPP will enter the planned outage program.

Desynchronization from the National Energy System will take place on May 3, 2019 at 11:00 HRS and the estimated duration of the outage is 32 days.

The planned outages represent complex projects, initiated 24 month prior to the planned date, having a project management team, performance schedule, planning of adequate human resources and budget.

During the planned outage, activities from the following programs are to be unfolded:

- Preventive/corrective maintenance program activities;
- Inspection program;
- The compulsory testing program during planned outages;
- The change implementation program

The works will be carried out in safety conditions for the personnel, public and environment, in compliance with the approved procedures used at Cernavoda NPP.
